Spotlight on Bill Landers

This month's "Member Spotlight" focuses on Bill Landers. Bill currently owns a 1990 Buick Reatta convertible and a 1962 Electra 225 2-door hardtop.

When asked which was his all time favorite car, Bill said it was his 1990 Reatta, because he likes the looks of the car and it is comfortable for travel to BCA National and Heartland Regional shows.

Bill joined the Gateway Chapter Club in 1997 when our club was hosting the 1997 St. Louis Buick National meet. Bill has been a very active member; he served on several committees, was Asst. Director for two years and Director for four years. Bill is currently serving the club as newsletter editor and has done an excellent job for the past 4 years, but said he will be retiring from that position in another year!

Bill's occupation was electronics engineer and program manager for McDonnell Douglass and Boeing for 37 years. He retired in 1999.

Bill started his old car collecting in 1995 with the purchase of his 1990 Reatta. In 1998 Bill bought a 1965 Riviera with the intention of restoring it after his retirement but never did finish it and sold it to former club member Jeff Tarr in 2008.

Director's Letter

Hi Everyone!

The Heartland Regional in Reedsburg, Wisconsin, was a well planned and fun event. I wish more of you could have made it. Paul Meyer and I had a little car trouble, but had a great time in spite of it. Both Pete Nathan and Bill Landers won awards in the 400-point judging.

September will be a very busy month for us Gateway car enthusiasts. Please check the schedule in this Gazette for upcoming events.

We have a **new location** for our winter meetings. Starting September 19, our meeting will be at **The Sports Café**, 3570 Pennridge Drive, Bridgeton, Missouri, 63044, 314-298-1630.

Don't forget October 21-23 (or any day in between) is the Club's cruise to Ste. Genevieve to visit the wineries and antique shops. Please let me know if you plan to attend, if you'll need a room and how many nights you plan to stay.

Thanks
Herb

Meeting Minutes, August 15, 2011

Member Spotlight (Continued)

We almost did not get Bill as a member as he nearly bought a Mercedes SL Roadster instead of the Reatta. Had he bought that Mercedes, he likely would not have joined the Gateway Buick Club. We're glad the Buick won out!

For hobbies, Bill does stained glass and loves to travel.

Bill served his country in the Army after ROTC in college. After Army schools in Fort Benning, GA and Fort Devens, MA. Bill spent 2 years in Heidelberg, Germany and ended his service as a 1st Lieutenant. Thanks Bill for your service.

Bill and Virginia have been married for 49 years; have two children and 6 grandchildren.

Heartland Region Meeting (August 20, 2011)

Heartland Region Director, Fred Pennings chaired the meeting Saturday afternoon at the Reedsburg, WI Regional meet to go over Heartland Region affairs for the last year.

Jim Yeager, Heartland Region Secretary was not in attendance. Some had heard he was ill. Jim has not missed a meeting for many years.

Curly Bold gave a preliminary report on the 2011 Heartland Region show. They had anticipated 120 registrations, and fell about a dozen short. At this point, it looks like they will make money for the meet.

Herb Morris gave a brief report on preparations for the 2012 meet in St. Louis.

After some discussion, the following was agreed to for future Heartland Regional meets:

2013 will be hosted by the Chicagoland chapter, 2014 by Gopher State and Fireball, and 2015 by Cream City.

There was a discussion of the rules for allowing non-BCA members to register for various Buick Club shows, including Regionals. Fred will look into the matter and e-mail conclusions to all chapters.

Last year's Regional show was combined with the National in Ames and shares of the profits were promised to chapters who volunteered and showed up to help. Several chapters indicated they had received distributions from the Hawkeye chapter for helping out.

The 2013 National will be in South Bend, IN and they may ask for help from the closest chapters, e.g. Chicagoland. It was pointed out that Indiana falls into the Great Lakes region and chapters from that region may be more likely to be asked to help.

Editor's Note

The Holiday Inn Airport West in Earth City, which we've booked for our 2012 Heartland Regional meet is currently closed and undergoing complete renovation. Their web site indicates they are now accepting reservations for stays after December 31, 2011.

Winery Tour and Steam and Gas Engine Show by Editor

One of the self-drive tours offered at the Heartland Regional was a tour of the Wollersheim Winery in nearby Prairie du Sac, WI. The winery tour was a little longer and more detailed than most we've taken. It included a video describing the history of the winery back to its founding in the 1850s.

Prohibition killed the business and the estate lay dormant until 1972 when the Wollersheim family purchased the property and reopened the winery. In 1984 a young Frenchman from a family of winemakers came to the winery as an intern, ended up marrying the daughter of the owners and today runs the place. To my tastes, Missouri white wines are better than those offered by the winery.

On Sunday, before heading home, we visited the annual Badger Steam and Gas Engine Show. If you think some old car guys are nuts about their cars, you should see these farmers and their restored tractors. Some own multiple restored tractors and the tractor trailers to haul them around to shows. This year featured John Deere and there was a sea of John Deere green across a very large field, as well as many other marques.

We saw restored and running steam engines from the 18th century and up. Some of them were huge. Other hobby steam engines were only a couple of inches long. Many of the operating steam engines were set up doing the tasks they were originally designed for, such as drilling wells, husking grain, or sawing wood.
